

CYS TRACK and FIELD

READY – SET - GO register your child for the first annual CYS grade school track meet.

After a successful middle school track season, CYS will host a grade school track in March 2014.

Grade school track is open to all Catholic school boys and girls in grades K through 5.

Each child will participate in various events at each mini-meet. The school coaches will place them in the events accordingly.

The mini-meets are scheduled for March 1st and March 8th. These meets will be used to qualify children for placement in the appropriate event at the main meet on March 29th.

Children will participate in various events based on their gender and grade level.

Because of the amount of children involved in track meets, we highly encourage parents to **volunteer***. The more parents that get involved with their school the greater the child's experience.

***Volunteers must have undergone the**
